ABOUT THE F-H-E CUP

The F-H-E Cup started in Australia as a junior event. To this day we honour that pledge, a pledge to allow the younger players experience hockey on an International and professional stage. The F-H-E Cup Australia is focussed around the Under 16 tournament which is held on a first class water based turf.

With a minimum of four teams in each boys and girls, the tournament offers a great level of competition. Being held in Perth, Australia's highest hockey playing percentage pre capita, the under 16 skill level is of a high stand. With this the local teams in the event offer great competition.

PERTH AND THE CUP

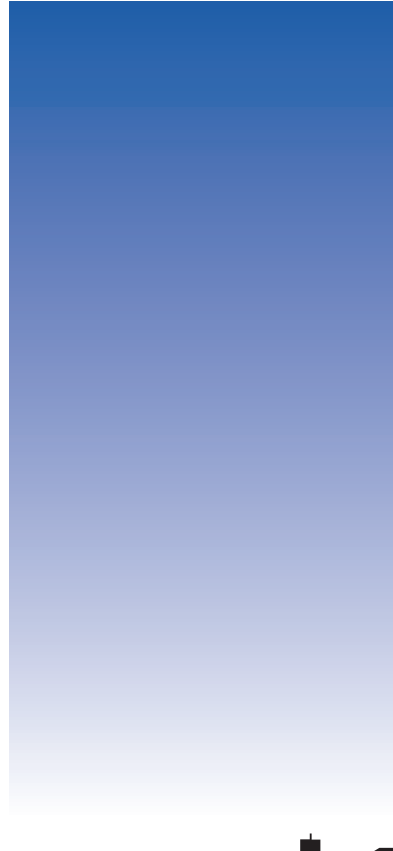

The F-H-E Cup was born in 2007, Perth Western Australia. Perth is the base of the Australian Institute of Sport for Hockey and is home to the extended squads for both the Men's and Women's national hockey squads (Kookaburras and Hockeyroos). The AIS has created a very strong platform and infrastructure in the city for hockey with international level turfs and facilities. The local club scene is very strong being populated with national squad members during the season.

Perth's weather is ideal for hockey being mediterranean and offers both cool and wet winters with dry and warm summers. It makes the perfect environment for any player to train and play in a good spectrum of conditions.
