ABOUT THE F-H-E CUP

The FHE Cup started in Australia as a junior event. To this day we still honour the pledge, a pledge to allow younger players to experience hockey on an international and professional stage. The FHE Cup is focused around the under 16 tournament which is held on an international class water based turf.

With a minimum of 4 teams in both boys and girls, the tournament offers a great level of competition . We are very lucky to be able to hold this tournament in Perth, Australia's highest hockey playing percentage per capita. The under 16 skill level is of a high standard. With this, the local teams in the event offer great competition.

History

The FHE Cup was created in 2007 in Perth, Western Australia. Perth is the base of the AIS (Australian Institute of Sport) for hockey and is home to the extended squads for both the Men's and Women's national hockey squads (Kookaburras and Hockeyroos). The AIS has created a very strong platform and infrastructure in the city for hockey with international level turfs and facilities. The local club scene is very strong, being populated with drafted national squad members during the season.

Perth's weather is ideal for hockey as it is mediterranean and offers both cool and wet winters with dry and warm summers. It makes for a perfect environment for any player to train and play in a good spectrum of conditions.

The FHE Cup has been able to attract national and state representative teams from Japan, Malaysia, and Australia to compete at The FHE Cup this year.

The tournament is run over 3-4 days with at least 8 teams fighting it out each year. Over the past 7 years The FHE Cup has grown in team numbers and countries representing. It is our aim to continue to build on this making The FHE Cup a leading hockey tournament for young player to compete, improve and meet fellow hockey lovers all over the world.

Yoshinari Sashiki - CEO FHE Cup

Craig Boyne - Tournament Director
